

Checking Switch Kit

With the tools in our Switch Kit, changing banks has never been easier. Follow our 5 simple steps and you will see how WNB Financial truly is *More than a Bank*.

Step 1 Open your WNB checking account

Visit one of our Personal Bankers at any of our full-service locations or call 507-454-8800 to get started.

Step 2 Stop using your old account

Checks may take some time to process so do not immediately close your old account. You can begin the process by destroying all of your unused checks, deposit slips, and ATM and debit cards and stop actively using your account.

Step 3 Switch your direct deposits

Fill out our Direct Deposit Quick Switch Form located in this Switch Kit and give to your employer or whoever is responsible for your direct deposit. Include a new deposit slip or voided check from your new WNB account. For any changes with Social Security, our experienced bankers can help you with that switch.

Step 4 Switch your automatic payments

Fill out the Automatic Withdrawal Quick Switch Form located in this Switch Kit to change all of your automatic withdrawals or automated payment services. Any payment service that was tied to your old debit card number must be changed. Ask your Personal Banker for assistance if you are unsure how to find this information.

Step 5 Close your old account

Submit your Account Closing Form located in this Switch Kit to your old bank and start your Personalized Banking with the community bank you can trust. Once all of your checks clear from your old account, your old bank will send the remaining balance to you in the form of a check.
